PRESENTS

Neuropathy and You

Saturday, June 13, 2009
9:00 AM - 12:30 PM

Huntsman Cancer Institute
2000 Circle of Hope
Salt Lake City, UT 84112

How do I sign up?

Thanks to our partners, the symposium is offered free of charge. However, due to limited seating, you will need to call the Clinical Neurosciences Center to reserve your place.

Please register by noon on Friday, June 12, 2009 to ensure your seat. You can do so by calling Yvette Robinson at 801.585.9337 or by sending an email to yvette.robinson@hsc.utah.edu.

We look forward to hearing from you!

Huntsman Cancer Institute

“Neuropathy and You” will be held at the Huntsman Cancer Institute in Salt Lake City, Utah. It is located just east of the University of Utah Hospital. For a map, go to healthcare.utah.edu/maps/huntsman.htm. When you arrive, enter the building through the front doors and take the elevator to the sixth floor. You will see a sign pointing you towards the **George S. and Dolores Dore` Eccles Auditorium** as you exit the elevator, located on the east side of the building.

Parking is Free.

Why a Neuropathy Symposium?

Understanding your neuropathy will help you manage this disease. Learn the recent advances in neuropathy research and find out what we all can do to eventually beat neuropathy. Please come prepared to ask questions.

“Peripheral neuropathy is a disorder of the peripheral nerves—the motor, sensory and autonomic nerves that connect the spinal cord to muscles, skin and internal organs. It usually affects the hands and feet, causing weakness, numbness, tingling and pain. Peripheral neuropathy’s course is variable; it can come and go, slowly progressing over many years, or it can become severe and debilitating. However, if diagnosed early, peripheral neuropathy can often be controlled.”

-The Neuropathy Association

9:00 – 9:05 AM

Introduction and Welcome
J. Robinson Singleton, MD

9:05 – 9:25 AM

What is Peripheral Neuropathy?
A. Gordon Smith, MD

9:25 – 9:45 AM

Hot Topics in Neuropathy Treatment
J. Robinson Singleton, MD

9:45 – 10:05 AM

Neuropathy Research at the University of Utah
A. Gordon Smith, MD

10:05 – 10:15 AM

Break

10:15 – 10:30 AM

Exercise and Neuropathy
Robin Marcus, PhD

10:30 – 10:45 AM

Together We Can Beat Neuropathy!
Tina Tockarszewsky, President & CEO of The Neuropathy Association

10:45 – 11:00 AM

The Peripheral Neuropathy Program at the University of Utah: Present and Future
A. Gordon Smith, MD

11:00 – 11:15 AM

Break

11:15 – 12:15 PM

Round Table Discussion
Dr. Marcus
Dr. Singleton
Dr. Smith
Ms. Kitiya Suvannasankha
Ms. Tockarszewsky

Lunch will be available for purchase at The Point Restaurant during the Round Table Discussion.

Clinical Neurosciences Center

“Designed with patients in mind, the Clinical Neurosciences Center offers a disease-specific, patient-focused approach to care. The Clinical Neurosciences Center combines physicians, nurses and other health-care providers in neurology, neurosurgery, and neuroradiology who treat patients with the complete range of neurological and spinal disorders, providing extensive research and clinical breakthroughs.”
